g. City Administrator Report

1. Next Council Meeting - Joint City Council Study Session and Planning Commission - Tuesday, August 19, 2025, at 6:30PM

Mayor Julia Johnson spoke on behalf of City Administrator Charlie Bush to remind the City Council there would be a Joint Study Session and Planning Commission Meeting next Tuesday, the 19th, of August 2025 at 6:30pm in the Council Chambers.

h. Councilmember and Mayor's Report

Councilmember Loy attended a meeting with a group of people against the battery facility. He shared that the group hired a lawyer for questioning, and reminded the City Council of the Skateboard Competition this Saturday, August 16, 2025.

Councilmember Kesti thanked Public Works Director Bill Bullock for taking her on a field trip to the John Liner round about, and she wanted to know when the Community Center would be back up for rent.

Councilmember Kesti attended the fair, and she recognized Kevin Loy for starting the cheer-leading competition. It was a remarkable success.

Councilmember Diamond started with the continued complaints of speeding on State and Ferry Streets and concern about the beginnings of new graffiti seen around town.

Councilmember Diamond had questions regarding the Family Promise lease agreement and how the lease would be overseen if the property changed hands. Planner Nicole McGowan and City Attorney Nikki Thompson addressed Councilmember Diamonds' questions.

Councilmember Diamond shared that the Sedro-Woolley Little League is looking at the option of hosting fall clinics for girls ages, 10-14. She advised interested applicants to reach out to the Sedro-Woolley Little League or contact her directly.

Councilmember Henderson had a follow-up question regarding the Special Events Ordinance 2041-23. Mayor Julia Johnson announced it would be brought back to the City Council Study Session scheduled for September 3, 2025.

Councilmember Cocke wanted to thank Public Works Director Bill Bullock and Engineer Peter Lane for the tours on the new roundabout located at McGargile and Township St plus the new Olmsted Park, and noted he attended the free concert at Northern State.

Councilmember Cocke attended the information session on the Family Promise behind the Methodist Church and enjoyed the Summer Concerts this year.

Councilmember Burns mentioned residents had expressed concern regarding the Special Events Ordinance 2041-23 and was happy to hear we would be getting back to it for a discussion, and shared that he has a ride along with the Police next week, and encouraged others to reach out if interested.

Councilmember Lavacca mentioned he has been going around Olmsted Park, roundabout and construction and was pleased with the progress, because school will start and the deadline.

Councilmember Lavacca spoke about neighborhoods such as Talcott, Nelson and Bennett and the roadwork that needs to be done, and he has seen other projects being done on Garden of Eden and Minkler Rd and wants the city to educate the community regarding road maintenance and encourages the City Council to begin a slush fund and tighten our budget for road maintenance and repairs.

Councilmember Lavacca stated he would like more information regarding the Community Center shooting and as much information as we can give the public, especially if we are looking into policy changes.

Mayor Julia Johnson addressed the question regarding the Community Center shooting and asked Police Chief McIlraith to respond. Police Chief Dan McIlraith responded that it is still an open investigation, no one has been charged for the crime and there is no more information to be released at this time.

Mayor Julia Johnson announced two more meetings with county commissioners, mayors, and city councils for North Star. The scheduled dates are September 30th, 2025, from 6pm-8pm and the other, November 6th, 2025, from 6pm-8pm. The other item from North Star on the 9th of September, from 6pm-8pm, is called Building our Future From House Crisis to a Thriving Community with a discussion on housing in Skagit County.

Mayor Julia Johnson shared that Senator Keith Wagner and Representative Carolyn Eslick were given the Behavior Health Champion Award.

Mayor Julia Johnson shared that she had been interviewed by Channel 13 News regarding the BESS project. The interview was posted on Stewards of Skagit if you want to see that interview, and she reminded the council that the discussion regarding special events will take place September 3rd, 2025, and a discussion about the Community Center will take place on September 10th, 2025.

Mayor Julia Johnson thanked the Council regarding the hiring of a Human Resource Manager.

Agenda Item No.: e.4.

Date: August 27, 2025

From: Nikki Thompson, City Attorney

Subject: 2025-211-SA - Purdue/Sackler, Alvogen, Inc. Amneal Pharmaceuticals, Inc., Apotex Inc., Hikma Pharmaceuticals USA Inc., Indivior Inc., Mylan Pharmaceuticals Inc., Sun Pharmaceuticals Industries, Inc., Zydus Pharmaceuticals (USA), Inc. - Opioid Settlement Agreement

RECOMMENDED ACTION:

A motion to approve the 2nd Purdue bankruptcy plan, authorize signature on the Purdue/Sackler, Alvogen, Inc. Amneal Pharmaceuticals, Inc., Apotex Inc., Hikma Pharmaceuticals USA Inc., Indivior Inc., Mylan Pharmaceuticals Inc., Sun Pharmaceuticals Industries, Inc., and Zydus Pharmaceuticals (USA), Inc. settlement participation agreements, and authorize the updated Allocation Agreement IV.

BACKGROUND/SUMMARY INFORMATION:

The City is a plaintiff in the MDL opioid litigation. Various settlements have been reached with multiple defendants. An updated settlement agreement has been reached with Purdue/Sackler family and eight additional defendants. In addition, after litigation occurred over the previous bankruptcy plan, there is a new Purdue bankruptcy plan that requires approval. Finally, edits to the statewide allocation plan will be required as a result of the new settlements. The allocation plan itself does not change.

Rubris Reference Number: CL-1768956

**TO LOCAL POLITICAL SUBDIVISIONS AND SPECIAL DISTRICTS:
THIS NOTICE CONTAINS IMPORTANT INFORMATION ABOUT NATIONAL OPIOID
SETTLEMENTS.**

SETTLEMENT OVERVIEW

Proposed nationwide settlement agreements (“Settlements”) have been reached that would resolve opioid litigation brought by states, local political subdivisions, and special districts against eight opioids manufacturers, Alvogen, Amneal, Apotex, Hikma, Indivior, Mylan, Sun, and Zydus (the “Manufacturers”). Local political subdivisions and special districts are referred to as “subdivisions.”

The Settlements require the settling Manufacturers to pay hundreds of millions of dollars to abate the opioid epidemic. The Settlements will provide a maximum of approximately \$720 million in cash to participating states and subdivisions to remediate and abate the impacts of the opioid crisis. Depending on participation by states and subdivisions, the Settlements require:

- Alvogen to immediately pay up to approximately \$19 million;
- Amneal to pay up to approximately \$74 million over 10 years, and to provide either approximately \$177 million of its generic version of the drug Narcan or up to an additional approximately \$44 million in cash;
- Apotex to immediately pay up to approximately \$65 million;
- Hikma to immediately pay up to approximately \$98 million, and to provide either approximately \$35 million of its naloxone product or up to an additional approximately \$7 million in cash;
- Indivior to pay up to approximately \$75 million over five years, a portion of which, at the election of the state, could be paid in the form of Indivior’s branded buprenorphine and/or nalmefene products with a value of up to \$140 million.;
- Mylan to pay up to approximately \$290 million over nine years;
- Sun to immediately pay up to approximately \$32 million; and
- Zydus to immediately pay up to approximately \$15 million.

The Settlements also contain injunctive relief governing opioid marketing, sale, distribution, and/or distribution practices and require the Manufacturers to implement safeguards to prevent diversion of prescription opioids.

Each of the proposed settlements has two key participation steps.

First, each eligible state decides whether to participate in each Settlement. A list of participating states for each settlement can be found at <https://nationalopioidsettlement.com/>.

Second, eligible subdivisions within each participating state decide whether to participate in each Settlement. The more subdivisions that participate, the more funds flow to that state and its subdivisions. Any subdivision that does not participate cannot directly share in any of the settlement funds, even if the subdivision’s state is settling and other participating subdivisions are sharing in settlement funds. If the state does not participate in a particular Settlement, the subdivisions in that state are not eligible to participate in that Settlement.

WHO IS RUBRIS INC. AND WHAT IS THE IMPLEMENTATION ADMINISTRATOR?

The Settlements provide that an Implementation Administrator will provide notice and manage the collection of participation forms. Rubris Inc. is the Implementation Administrator for these new Settlements and was also retained for the prior national opioid settlements.

WHY IS YOUR SUBDIVISION RECEIVING THIS NOTICE?

Your state has elected to participate in one or more of the Settlements, and your subdivision may participate in those Settlements in which your state has elected to participate. This notice is also sent directly to counsel for such subdivisions if the Implementation Administrator has their information.

If you are represented by an attorney with respect to opioid claims, please contact them.

Subdivisions can participate in the Settlements whether or not they filed a lawsuit or are represented.

WHERE CAN YOU FIND MORE INFORMATION?

Detailed information about the Settlements, including each settlement agreement, may be found at: <https://nationalopioidsettlement.com>. This website also includes information about how the Settlements are being implemented in most states and how funds will be allocated within your state.

You are encouraged to review the settlement agreement terms and discuss the terms and benefits with your counsel, your Attorney General's Office, and other contacts within your state. Information and documents regarding the Settlements and your state allocation can be found on the settlement website at <https://nationalopioidsettlement.com/>.

Your subdivision will need to decide whether to participate in the proposed Settlements, and subdivisions are encouraged to work through this process before the **October 8, 2025** deadline.

HOW DO YOU PARTICIPATE IN THE SETTLEMENTS?

The Settlements require that you take affirmative steps to "opt in" to the Settlements.

In the next few weeks, you will receive documentation and instructions from the Implementation Administrator or, in some cases, your Attorney General's Office. In order to participate in a settlement, a subdivision must sign and return the required Participation Form for that settlement.

Please add the following email addresses to your "safe" list so emails do not go to spam / junk folders: dse_na3@docusign.net and opioidsparticipation@rubris.com. Please monitor your email for the Participation Forms and instructions.

All required documentation must be signed and returned on or before **October 8, 2025**.

**WASHINGTON STATE ALLOCATION AGREEMENT GOVERNING THE
ALLOCATION OF FUNDS PAID BY THE PURDUE BANKRUPTCY, SACKLERS,
AND CERTAIN OPIOID MANUFACTURERS**

JULY 24, 2025

This Washington State Allocation Agreement Governing the Allocation of Funds Paid by the Purdue Bankruptcy, Sacklers, and Certain Opioid Manufacturers (the “Allocation Agreement IV”) governs the distribution of funds obtained from (1) the Purdue Bankruptcy and Sackler Direct Claims Settlement, (2) the Alvogen Settlement, (3) the Amneal Settlement, (4) the Apotex Settlement, (5) the Hikma Settlement, (6) the Indivior Settlement, (7) the Mylan Settlement, (8) the Sun Settlement, and (9) the Zydus Settlement in connection with the resolution of any and all claims by the State of Washington and the eligible counties, cities, and towns in Washington State (“Local Governments”) against the Settling Entities defined in the respective Settlement Agreements via the following settlements and bankruptcy plan of reorganization:

- (1) The 13th Amended Joint Chapter 11 Plan of Reorganization of Purdue Pharma L.P. and its Affiliated Debtors (the “Purdue Plan”) , including and amendments thereto and all “Plan Documents” as defined therein, if the “Effective Date” as defined therein has occurred; (2) the Master Settlement Agreement By and Among the Master Disbursement Trust, Each of the Parties Listed On Exhibit A Hereto, Each of the Parties Listed on Exhibit B Hereto, the Sackler Parties’ Representative and PR L.P. and any subsequent amendments, and (3) Government Entity & Shareholder Direct Settlement Agreement and any subsequent amendments (collectively, the “Purdue Bankruptcy and Sackler Direct Claims Settlement”).
- Alvogen Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Alvogen Settlement”).
- Amneal Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Amneal Settlement”).
- Apotex Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Apotex Settlement”).
- Hikma Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Hikma Settlement”).
- Indivior Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Indivior Settlement”).
- Mylan Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Mylan Settlement”).
- Sun Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Sun Settlement”).

- Zydus Settlement Agreement dated April 4, 2025 and any subsequent amendments (“Zydus Settlement”)

Collectively, the Purdue Bankruptcy and Sackler Settlement, Alvogen Settlement, Amneal Settlement, Apotex Settlement, Hikma Settlement, Indivior Settlement, Mylan Settlement, Sun Settlement, and the Zydus Settlement shall be referred to as “the Settlements”. The Settlements can be accessed at <https://nationalopioidsettlement.com/> and the Purdue Plan can be accessed at <https://restructuring.ra.kroll.com/purduepharma/Home-DocketInfo?DocAttribute=4218&DocAttrName=PlanDisclosureStatement&MenuID=9013&Attribute=Plan%20%26%20Disclosure%20Statement>. The terms and definitions of each of the respective Settlements are incorporated into this Allocation Agreement IV, and any undefined terms in this Allocation Agreement IV are as defined in the Settlements.

1. This Allocation Agreement IV is intended to be a State-Subdivision Agreement as defined in the Settlements. This Allocation Agreement IV shall be interpreted to be consistent with the requirements of a State-Subdivision Agreement in the Settlements.
2. This Allocation Agreement IV shall become effective with respect to a Settlement only if all of the following occur:
 - A. The State of Washington joins such Settlement and becomes a Settling State as provided for in the respective Settlement and, with respect to the Purdue Bankruptcy and Sackler Settlement the State of Washington votes in favor of the Purdue Plan or does not vote against the Purdue Plan, and does not object to the confirmation of the Purdue Plan.
 - B. Such Settlement becomes final and effective and a Consent Judgment that applies to Washington is filed and approved as provided for in the respective Settlement. For the Purdue Bankruptcy, the “Effective Date” as defined in the Purdue Plan has occurred.
 - C. The number of Local Governments that execute and return this Allocation Agreement IV satisfies the participation requirements for a State-Subdivision Agreement as specified in such Settlement.
3. *Requirements to become a Participating Local Government.* To become a Participating Local Government that can participate in this Allocation Agreement IV with respect to any one of the Settlements, a Local Government must do all of the following:
 - A. The Local Government must execute and return this Allocation Agreement IV.
 - B. The Local Government must do the following:
 - i. Release its claims against the Settling Entities identified in the respective Settlements and agree to be bound by the terms of the

Settlements by timely executing and returning the Participation Form for that Settlement and any other necessary documents.

- ii. Additionally, for the Purdue Bankruptcy and Sackler Direct Claims Settlement, either (1) vote in favor of or (2) abstain from voting on the Chapter 11 Plan of Reorganization of Purdue Pharma L.P. and its Affiliated Debtors, and (3) not object to the confirmation of the Purdue Plan.
- C. Litigating Subdivisions, also referred to as Litigating Local Governments, must dismiss the Settling Entities identified in the respective Settlement with prejudice from their lawsuits.
- D. Each Local Government that is eligible to participate in this Allocation Agreement IV has previously executed and signed the One Washington Memorandum of Understanding Between Washington Municipalities (“MOU”) agreed to by the Participating Local Governments in Washington State, which is attached hereto as Exhibit 1. By executing this Allocation Agreement IV, the Local Government agrees and affirms that the MOU applies to and shall govern the LG Share, as defined below, as modified by this Allocation Agreement IV for each of the Settlements in which the Local Government participates.

A Local Government that meets all of the conditions in this paragraph for any of the Settlements shall be deemed a “Participating Local Government” for that Settlement. A Local Government can be a “Participating Local Government” for less than all of the Settlements. If a Local Government is a Participating Local Government for less than all of the Settlements, the Local Government can only receive a portion of the Washington Abatement Amount for the specific Settlement(s) for which it is a Participating Local Government.

- 4. The allocations set forth in this Allocation Agreement IV apply to the following, all of which collectively shall be referred to as the “Washington Abatement Amount”:
 - A. For the Purdue Bankruptcy and Sackler Settlement, all amounts (collectively, “Washington Distributions”) that are apportioned to Washington as Estate Distributions or from the Shareholder Direct Settlement Portion, including, without limitation, those to Washington’s State Fund, Remediation Accounts Fund, Subdivision Fund, Direct Payment, Earned Direct Payment, and Estate Distributions for Washington and all Participating Local Governments for the Purdue Bankruptcy and Sackler Settlement, *provided*, however, that for the purposes of the allocations set forth in this Allocation Agreement IV, Washington Distributions shall not include State’s Fees and Costs (as defined below). This Allocation Agreement IV shall be considered a State-Subdivision

Agreement under the Government Entity & Shareholder Direct Settlement Agreement.

- B. For the Alvogen Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- C. For the Amneal Settlement, the State of Washington's (1) State Allocation and (2) Additional Remediation Amount.
- D. For the Apotex Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- E. For the Hikma Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- F. For the Indivior Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- G. For the Mylan Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- H. For the Sun Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.
- I. For the Zydus Settlement, the State of Washington's (1) Statewide Payment Amount and (2) Additional Remediation Amount.

As specified in each of the Settlements, the Washington Abatement Amount will vary depending on the percentage of Participating Local Governments and whether there are any Later Litigating Subdivisions.

- 5. The (1) Amneal Settlement, (2) Hikma Settlement, and (3) Indivior Settlement each provide the option for Settling States to obtain Settlement Product or the discretion to convert any portion of the Settlement Product allocated to the Settling State into a cash value as specified in those Settlements of the Settling State's allocated Settlement Product in specified years. It shall be solely the decision of the State regarding whether to convert any portion of the Settlement Product allocated to Washington into a cash value or to obtain the Settlement Product for each of those Settlements. If the State elects to obtain Settlement Product for a particular Settlement, the State in its sole discretion shall make all decisions related to the Settlement Product, including but not limited to where, how, and to whom it shall be distributed. For purposes of calculating the division of the Washington Abatement Amount in Paragraph 10 of this Allocation Agreement IV, the Settlement Product allocated to Washington shall be considered "State Share" and shall have the cash conversion value assigned to it in the respective Settlement Agreements, *i.e.*, the "Settlement Product Cash Conversion Amount" or the "Cash Conversion Amount" identified in those settlements.

6. The allocations set forth in this Allocation Agreement IV do not apply to (i) the State Cost Fund, State AG Fees and Costs, State Expense Fund, State AG Fees, State Direct Expenses, or any attorneys' fees, costs, or expenses referred to in the Settlement or via Fee Petitions or that are paid directly or indirectly via the Settlements or court order to the State of Washington and/or its outside counsels ("State's Fees and Costs") or to (ii) any payments made to Participating Subdivisions pursuant to section 5.9 of the Purdue Plan, which provides for a Local Government Fee Fund.
7. This Allocation Agreement IV and the MOU are a State Back-Stop Agreement. The Settling Entities are paying a portion of the Local Governments' attorneys' fees and costs as provided for in the Settlements. The total contingent fees an attorney receives from the Contingency Fee Fund in the Settlements, the MOU, and this Allocation Agreement IV combined cannot exceed 15% of the portion of the LG Share paid to the Litigating Local Government that retained that firm to litigate against the Settling Entities (i.e., if City X filed suit with outside counsel on a contingency fee contract and City X receives \$1,000,000 from the Walmart Settlement, then the maximum that the firm can receive is \$150,000 for fees as to the Walmart Settlement; if City X did not retain the same firm for potential litigation against CVS and City X receives \$1,000,000 from the CVS Settlement, then the firm receives no fees from the CVS Settlement.)
8. No portion of the State's Fees and Costs and/or the State Share as defined in Paragraphs 6 and 10 of this Allocation Agreement IV shall be used to fund the Government Fee Fund ("GFF") referred to in Paragraph 12 of this Allocation Agreement IV and Section D of the MOU, or in any other way to fund any Participating Local Government's attorneys' fees, costs, or common benefit tax.
9. The Washington Abatement Amount shall and must be used by the State and Participating Local Governments for future Opioid Remediation as defined in the Settlements, except as allowed by the Settlements.
10. The State and the Participating Local Governments agree to divide the Washington Abatement Amount as follows:
 - A. Fifty percent (50%) to the State of Washington ("State Share").
 - B. Fifty percent (50%) to the Participating Local Governments ("LG Share").
11. The LG Share shall be distributed to Participating Local Governments pursuant to the MOU attached hereto as Exhibit 1 as amended and modified in this Allocation Agreement IV.
12. For purposes of this Allocation Agreement IV only, the MOU is modified as follows and any contrary provisions in the MOU are struck:

- A. Exhibit A of the MOU is replaced by the Exhibit specifying the List of Opioid Remediation Uses for each of the respective Settlements, which generally can be found at Exhibit E of the respective Settlements.
- B. The definition of “Litigating Local Governments” in Section A.4 of the MOU shall mean Litigating Subdivisions as defined in each the respective Settlements and shall also include any local government that notified Judge Polster in Case No. 1:17-md-02804-DAP of its intent to sue any of the settling entities that are covered by this Allocation Agreement.
- C. The definition of “National Settlement Agreement” in Section A.6 of the MOU shall mean the Settlements.
- D. The definition of “Settlement” in Section A.14 of the MOU shall mean the Settlements and expressly includes the Chapter 11 Plan of Reorganization of Purdue Pharma L.P. and its Affiliated Debtors.
- E. The MOU is amended to add new Section C.4.g.vIV, which provides as follows:

“If a Participating Local Government receiving a direct payment (a) uses Opioid Funds other than as provided for in the respective Settlements, (b) does not comply with conditions for receiving direct payments under the MOU, or (c) does not promptly submit necessary reporting and compliance information to its Regional Opioid Abatement Counsel (“Regional OAC”) as defined at Section C.4.h of the MOU, then the Regional OAC may suspend direct payments to the Participating Local Government after notice, an opportunity to cure, and sufficient due process. If direct payments to Participating Local Government are suspended, the payments shall be treated as if the Participating Local Government is foregoing their allocation of Opioid Funds pursuant to Section C.4.d and C.4.j.IV of the MOU. In the event of a suspension, the Regional OAC shall give prompt notice to the suspended Participating Local Government and the Settlement Fund Administrator specifying the reasons for the suspension, the process for reinstatement, the factors that will be considered for reinstatement, and the due process that will be provided. A suspended Participating Local Government may apply to the Regional OAC to be reinstated for direct payments no earlier than five years after the date of suspension.”

- F. The amounts payable to each law firm representing a Litigating Local Government from the GFF shall be consistent with the MOU and the process set forth in the *Order Appointing the Fee Panel to Allocate and Disburse Attorney’s Fees Provided for in State Back-Stop Agreements*, Case No. 1:17-md-02804-DAP Doc #: 4543 (June 17, 2022).

- G. The GFF set forth in the MOU shall be funded by the LG Share of the Washington Abatement Amount only. To the extent the common benefit tax is not already payable by the Settling Entities as contemplated by Section D.8 of the MOU, the GFF shall be used to pay Litigating Local Government contingency fee agreements and any common benefit tax referred to in Section D of the MOU, which shall be paid on a pro rata basis to eligible law firms as determined by the Settlement Administrator.
- H. To fund the GFF, fifteen percent (15%) of the LG Share shall be deposited in the GFF from each LG Share settlement payment until the Litigating Subdivisions' contingency fee agreements and common benefit tax (if any) referred to in Section D of the MOU are satisfied. Under no circumstances will any Primary Subdivision or Litigating Local Government be required to contribute to the GFF more than 15% of the portion of the LG Share allocated to such Primary Subdivision or Litigating Local Government. In addition, under no circumstances will any portion of the LG Share allocated to a Litigating Local Government be used to pay the contingency fees or litigation expenses of counsel for some other Litigating Local Government.
- I. The maximum amount of any Litigating Local Government contingency fee agreement (from the Contingency Fee Fund of the respective Settlements) payable to a law firm permitted for compensation shall be fifteen percent (15%) of the portion of the LG Share paid to the Litigating Local Government that retained that firm (i.e., if City X filed suit with outside counsel on a contingency fee contract and City X receives \$1,000,000 from a Settlement, then the maximum that the firm can receive is \$150,000 for fees.) The firms also shall be paid documented expenses due under their contingency fee agreements that have been paid by the law firm attributable to that Litigating Local Government. Consistent with Agreement on Attorneys' Fees, Costs, and Expenses, which is Exhibit R of the Settlements, as well as the Purdue Plan, amounts due to Participating Litigating Subdivisions' attorneys under this Allocation Agreement IV shall not impact (i) costs paid by the subdivisions to their attorneys pursuant to a State Back-Stop agreement, (ii) fees paid to subdivision attorneys from the Common Benefit Fund for common benefit work performed by the attorneys pursuant to Exhibit R of the Settlements, or (iii) costs paid to subdivision attorneys from the MDL Expense Fund for expenses incurred by the attorneys pursuant to the Settlements.
- J. Under no circumstances may counsel receive more for its work on behalf of a Litigating Local Government than it would under its contingency agreement with that Litigating Local Government. To the extent a law firm was retained by a Litigating Local Government on a contingency fee agreement that provides for compensation at a rate that is less than fifteen percent (15%) of that Litigating Local Government's recovery, the maximum amount payable to that law firm referred to in Section D.3 of

the MOU shall be the percentage set forth in that contingency fee agreement.

- K. For the avoidance of doubt, both payments from the GFF and the payment to the Participating Litigating Local Governments' attorneys from the Contingency Fee Fund in the respective Settlements as well as any payments made to Participating Subdivisions pursuant to section 5.9 of the Purdue Plan shall be included when calculating whether the aforementioned fifteen percent (15%) maximum percentage (or less if the provisions of Paragraph 10.J of this Allocation Agreement IV apply) of any Litigating Local Government contingency fee agreement referred to above has been met.
 - L. To the extent there are any excess funds in the GFF, the Settlement Administrator shall facilitate the return of those funds to the Participating Local Governments as provided for in Section D.6 of the MOU.
- 13. In connection with the execution and administration of this Allocation Agreement IV, the State and the Participating Local Governments agree to abide by the Public Records Act, RCW 42.56 *et seq.*
 - 14. All Participating Local Governments, Regional OACs, and the State shall maintain all non-transitory records related to this Allocation Agreement IV as well as the receipt and expenditure of the funds from the Settlements for no less than five (5) years.
 - 15. If any party to this Allocation Agreement IV believes that a Participating Local Government, Regional OAC, the State, an entity, or individual involved in the receipt, distribution, or administration of the funds from the Settlements has violated any applicable ethics codes or rules, a complaint shall be lodged with the appropriate forum for handling such matters, with a copy of the complaint promptly sent to the Washington Attorney General, Complex Litigation Division, Division Chief, 800 Fifth Avenue, Suite 2000, Seattle, Washington 98104.
 - 16. To the extent (i) a region utilizes a pre-existing regional body to establish its Opioid Abatement Council pursuant to the Section 4.h of the MOU, and (ii) that pre-existing regional body is subject to the requirements of the Community Behavioral Health Services Act, RCW 71.24 *et seq.*, the State and the Participating Local Governments agree that the Opioid Funds paid by the Settling Entities are subject to the requirements of the MOU and this Allocation Agreement IV.
 - 17. Upon request by any of the Settling Entities, the Participating Local Governments must comply with the Tax Cooperation and Reporting provisions of the respective Settlement.

18. Venue for any legal action related to this Allocation Agreement IV (separate and apart from the MOU or the Settlements) shall be in King County, Washington. Washington law shall govern any dispute.
19. Each party represents that all procedures necessary to authorize such party's execution of this Allocation Agreement IV have been performed and that such person signing for such party has been authorized to execute this Allocation Agreement IV.

One Washington Memorandum of Understanding Between Washington Municipalities

ONE WASHINGTON MEMORANDUM OF UNDERSTANDING BETWEEN WASHINGTON MUNICIPALITIES

Whereas, the people of the State of Washington and its communities have been harmed by entities within the Pharmaceutical Supply Chain who manufacture, distribute, and dispense prescription opioids;

Whereas, certain Local Governments, through their elected representatives and counsel, are engaged in litigation seeking to hold these entities within the Pharmaceutical Supply Chain of prescription opioids accountable for the damage they have caused to the Local Governments;

Whereas, Local Governments and elected officials share a common desire to abate and alleviate the impacts of harms caused by these entities within the Pharmaceutical Supply Chain throughout the State of Washington, and strive to ensure that principals of equity and equitable service delivery are factors considered in the allocation and use of Opioid Funds; and

Whereas, certain Local Governments engaged in litigation and the other cities and counties in Washington desire to agree on a form of allocation for Opioid Funds they receive from entities within the Pharmaceutical Supply Chain.

Now therefore, the Local Governments enter into this Memorandum of Understanding (“MOU”) relating to the allocation and use of the proceeds of Settlements described.

A. Definitions

As used in this MOU:

1. “Allocation Regions” are the same geographic areas as the existing nine (9) Washington State Accountable Community of Health (ACH) Regions and have the purpose described in Section C below.
2. “Approved Purpose(s)” shall mean the strategies specified and set forth in the Opioid Abatement Strategies attached as Exhibit A.
3. “Effective Date” shall mean the date on which a court of competent jurisdiction enters the first Settlement by order or consent decree. The Parties anticipate that more than one Settlement will be administered according to the terms of this MOU, but that the first entered Settlement will trigger allocation of Opioid Funds in accordance with Section B herein, and the formation of the Opioid Abatement Councils in Section C.
4. “Litigating Local Government(s)” shall mean Local Governments that filed suit against any Pharmaceutical Supply Chain Participant pertaining to the Opioid epidemic prior to September 1, 2020.

5. “Local Government(s)” shall mean all counties, cities, and towns within the geographic boundaries of the State of Washington.

6. “National Settlement Agreements” means the national opioid settlement agreements dated July 21, 2021 involving Johnson & Johnson, and distributors AmerisourceBergen, Cardinal Health and McKesson as well as their subsidiaries, affiliates, officers, and directors named in the National Settlement Agreements, including all amendments thereto.

7. “Opioid Funds” shall mean monetary amounts obtained through a Settlement as defined in this MOU.

8. “Opioid Abatement Council” shall have the meaning described in Section C below.

9. “Participating Local Government(s)” shall mean all counties, cities, and towns within the geographic boundaries of the State that have chosen to sign on to this MOU. The Participating Local Governments may be referred to separately in this MOU as “Participating Counties” and “Participating Cities and Towns” (or “Participating Cities or Towns,” as appropriate) or “Parties.”

10. “Pharmaceutical Supply Chain” shall mean the process and channels through which controlled substances are manufactured, marketed, promoted, distributed, and/or dispensed, including prescription opioids.

11. “Pharmaceutical Supply Chain Participant” shall mean any entity that engages in or has engaged in the manufacture, marketing, promotion, distribution, and/or dispensing of a prescription opioid, including any entity that has assisted in any of the above.

12. “Qualified Settlement Fund Account,” or “QSF Account,” shall mean an account set up as a qualified settlement fund, 468b fund, as authorized by Treasury Regulations 1.468B-1(c) (26 CFR §1.468B-1).

13. “Regional Agreements” shall mean the understanding reached by the Participating Local Counties and Cities within an Allocation Region governing the allocation, management, distribution of Opioid Funds within that Allocation Region.

14. “Settlement” shall mean the future negotiated resolution of legal or equitable claims against a Pharmaceutical Supply Chain Participant when that resolution has been jointly entered into by the Participating Local Governments. “Settlement” expressly does not include a plan of reorganization confirmed under Title 11 of the United States Code, irrespective of the extent to which Participating Local Governments vote in favor of or otherwise support such plan of reorganization.

15. “Trustee” shall mean an independent trustee who shall be responsible for the ministerial task of releasing Opioid Funds from a QSF account to Participating Local Governments as authorized herein and accounting for all payments into or out of the trust.

16. The “Washington State Accountable Communities of Health” or “ACH” shall mean the nine (9) regions described in Section C below.

B. Allocation of Settlement Proceeds for Approved Purposes

1. All Opioid Funds shall be held in a QSF and distributed by the Trustee, for the benefit of the Participating Local Governments, only in a manner consistent with this MOU. Distribution of Opioid Funds will be subject to the mechanisms for auditing and reporting set forth below to provide public accountability and transparency.

2. All Opioid Funds, regardless of allocation, shall be utilized pursuant to Approved Purposes as defined herein and set forth in Exhibit A. Compliance with this requirement shall be verified through reporting, as set out in this MOU.

3. The division of Opioid Funds shall first be allocated to Participating Counties based on the methodology utilized for the Negotiation Class in *In Re: National Prescription Opiate Litigation*, United States District Court for the Northern District of Ohio, Case No. 1:17-md-02804-DAP. The allocation model uses three equally weighted factors: (1) the amount of opioids shipped to the county; (2) the number of opioid deaths that occurred in that county; and (3) the number of people who suffer opioid use disorder in that county. The allocation percentages that result from application of this methodology are set forth in the “County Total” line item in Exhibit B. In the event any county does not participate in this MOU, that county’s percentage share shall be reallocated proportionally amongst the Participating Counties by applying this same methodology to only the Participating Counties.

4. Allocation and distribution of Opioid Funds within each Participating County will be based on regional agreements as described in Section C.

C. Regional Agreements

1. For the purpose of this MOU, the regional structure for decision-making related to opioid fund allocation will be based upon the nine (9) pre-defined Washington State Accountable Community of Health Regions (Allocation Regions). Reference to these pre-defined regions is solely for the purpose of

drawing geographic boundaries to facilitate regional agreements for use of Opioid Funds. The Allocation Regions are as follows:

- King County (Single County Region)
- Pierce County (Single County Region)
- Olympic Community of Health Region (Clallam, Jefferson, and Kitsap Counties)
- Cascade Pacific Action Alliance Region (Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Thurston, and Wahkiakum Counties)
- North Sound Region (Island, San Juan, Skagit, Snohomish, and Whatcom Counties)
- SouthWest Region (Clark, Klickitat, and Skamania Counties)
- Greater Columbia Region (Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Walla Walla, Whitman, and Yakima Counties)
- Spokane Region (Adams, Ferry, Lincoln, Pend Oreille, Spokane, and Stevens Counties)
- North Central Region (Chelan, Douglas, Grant, and Okanogan Counties)

2. Opioid Funds will be allocated, distributed and managed within each Allocation Region, as determined by its Regional Agreement as set forth below. If an Allocation Region does not have a Regional Agreement enumerated in this MOU, and does not subsequently adopt a Regional Agreement per Section C.5, the default mechanism for allocation, distribution and management of Opioid Funds described in Section C.4.a will apply. Each Allocation Region must have an OAC whose composition and responsibilities shall be defined by Regional Agreement or as set forth in Section C.4.

3. King County's Regional Agreement is reflected in Exhibit C to this MOU.

4. All other Allocation Regions that have not specified a Regional Agreement for allocating, distributing and managing Opioid Funds, will apply the following default methodology:

- a. Opioid Funds shall be allocated within each Allocation Region by taking the allocation for a Participating County from Exhibit B and apportioning those funds between that Participating County and its Participating Cities and Towns. Exhibit B also sets forth the allocation to the Participating Counties and the Participating Cities or Towns within the Counties based on a default allocation formula. As set forth above in Section B.3, to determine the allocation to a county, this formula utilizes: (1) the amount of opioids shipped to the county; (2) the number of opioid deaths that occurred in that county; and (3) the number of people who suffer opioid use disorder in that county. To determine the allocation within a county, the formula utilizes historical federal data showing how the specific Counties and the Cities and Towns within the Counties have

made opioids epidemic-related expenditures in the past. This is the same methodology used in the National Settlement Agreements for county and intra-county allocations. A Participating County, and the Cities and Towns within it may enter into a separate intra-county allocation agreement to modify how the Opioid Funds are allocated amongst themselves, provided the modification is in writing and agreed to by all Participating Local Governments in the County. Such an agreement shall not modify any of the other terms or requirements of this MOU.

b. 10% of the Opioid Funds received by the Region will be reserved, on an annual basis, for administrative costs related to the OAC. The OAC will provide an annual accounting for actual costs and any reserved funds that exceed actual costs will be reallocated to Participating Local Governments within the Region.

c. Cities and towns with a population of less than 10,000 shall be excluded from the allocation, with the exception of cities and towns that are Litigating Participating Local Governments. The portion of the Opioid Funds that would have been allocated to a city or town with a population of less than 10,000 that is not a Litigating Participating Local Government shall be redistributed to Participating Counties in the manner directed in C.4.a above.

d. Each Participating County, City, or Town may elect to have its share re-allocated to the OAC in which it is located. The OAC will then utilize this share for the benefit of Participating Local Governments within that Allocation Region, consistent with the Approved Purposes set forth in Exhibit A. A Participating Local Government's election to forego its allocation of Opioid Funds shall apply to all future allocations unless the Participating Local Government notifies its respective OAC otherwise. If a Participating Local Government elects to forego its allocation of the Opioid Funds, the Participating Local Government shall be excused from the reporting requirements set forth in this Agreement.

e. Participating Local Governments that receive a direct payment maintain full discretion over the use and distribution of their allocation of Opioid Funds, provided the Opioid Funds are used solely for Approved Purposes. Reasonable administrative costs for a Participating Local Government to administer its allocation of Opioid Funds shall not exceed actual costs or 10% of the Participating Local Government's allocation of Opioid Funds, whichever is less.

f. A Local Government that chooses not to become a Participating Local Government will not receive a direct allocation of Opioid Funds. The portion of the Opioid Funds that would have been allocated to a Local Government that is not a Participating Local Government shall be

redistributed to Participating Counties in the manner directed in C.4.a above.

g. As a condition of receiving a direct payment, each Participating Local Government that receives a direct payment agrees to undertake the following actions:

- i. Developing a methodology for obtaining proposals for use of Opioid Funds.
- ii. Ensuring there is opportunity for community-based input on priorities for Opioid Fund programs and services.
- iii. Receiving and reviewing proposals for use of Opioid Funds for Approved Purposes.
- iv. Approving or denying proposals for use of Opioid Funds for Approved Purposes.
- v. Receiving funds from the Trustee for approved proposals and distributing the Opioid Funds to the recipient.
- vi. Reporting to the OAC and making publicly available all decisions on Opioid Fund allocation applications, distributions and expenditures.

h. Prior to any distribution of Opioid Funds within the Allocation Region, The Participating Local Governments must establish an Opioid Abatement Council (OAC) to oversee Opioid Fund allocation, distribution, expenditures and dispute resolution. The OAC may be a preexisting regional body or may be a new body created for purposes of executing the obligations of this MOU.

i. The OAC for each Allocation Region shall be composed of representation from both Participating Counties and Participating Towns or Cities within the Region. The method of selecting members, and the terms for which they will serve will be determined by the Allocation Region's Participating Local Governments. All persons who serve on the OAC must have work or educational experience pertaining to one or more Approved Uses.

j. The Regional OAC will be responsible for the following actions:

- i. Overseeing distribution of Opioid Funds from Participating Local Governments to programs and services within the Allocation Region for Approved Purposes.

- ii. Annual review of expenditure reports from Participating Local Jurisdictions within the Allocation Region for compliance with Approved Purposes and the terms of this MOU and any Settlement.
- iii. In the case where Participating Local Governments chose to forego their allocation of Opioid Funds:
 - (i) Approving or denying proposals by Participating Local Governments or community groups to the OAC for use of Opioid Funds within the Allocation Region.
 - (ii) Directing the Trustee to distribute Opioid Funds for use by Participating Local Governments or community groups whose proposals are approved by the OAC.
 - (iii) Administrating and maintaining records of all OAC decisions and distributions of Opioid Funds.
- iv. Reporting and making publicly available all decisions on Opioid Fund allocation applications, distributions and expenditures by the OAC or directly by Participating Local Governments.
- v. Developing and maintaining a centralized public dashboard or other repository for the publication of expenditure data from any Participating Local Government that receives Opioid Funds, and for expenditures by the OAC in that Allocation Region, which it shall update at least annually.
- vi. If necessary, requiring and collecting additional outcome-related data from Participating Local Governments to evaluate the use of Opioid Funds, and all Participating Local Governments shall comply with such requirements.
- vii. Hearing complaints by Participating Local Governments within the Allocation Region regarding alleged failure to (1) use Opioid Funds for Approved Purposes or (2) comply with reporting requirements.

5. Participating Local Governments may agree and elect to share, pool, or collaborate with their respective allocation of Opioid Funds in any manner they choose by adopting a Regional Agreement, so long as such sharing, pooling, or collaboration is used for Approved Purposes and complies with the terms of this MOU and any Settlement.

6. Nothing in this MOU should alter or change any Participating Local Government's rights to pursue its own claim. Rather, the intent of this MOU is to join all parties who wish to be Participating Local Governments to agree upon an allocation formula for any Opioid Funds from any future binding Settlement with one or more Pharmaceutical Supply Chain Participants for all Local Governments in the State of Washington.

7. If any Participating Local Government disputes the amount it receives from its allocation of Opioid Funds, the Participating Local Government shall alert its respective OAC within sixty (60) days of discovering the information underlying the dispute. Failure to alert its OAC within this time frame shall not constitute a waiver of the Participating Local Government's right to seek recoupment of any deficiency in its allocation of Opioid Funds.

8. If any OAC concludes that a Participating Local Government's expenditure of its allocation of Opioid Funds did not comply with the Approved Purposes listed in Exhibit A, or the terms of this MOU, or that the Participating Local Government otherwise misused its allocation of Opioid Funds, the OAC may take remedial action against the alleged offending Participating Local Government. Such remedial action is left to the discretion of the OAC and may include withholding future Opioid Funds owed to the offending Participating Local Government or requiring the offending Participating Local Government to reimburse improperly expended Opioid Funds back to the OAC to be re-allocated to the remaining Participating Local Governments within that Region.

9. All Participating Local Governments and OAC shall maintain all records related to the receipt and expenditure of Opioid Funds for no less than five (5) years and shall make such records available for review by any other Participating Local Government or OAC, or the public. Records requested by the public shall be produced in accordance with Washington's Public Records Act RCW 42.56.001 *et seq.* Records requested by another Participating Local Government or an OAC shall be produced within twenty-one (21) days of the date the record request was received. This requirement does not supplant any Participating Local Government or OAC's obligations under Washington's Public Records Act RCW 42.56.001 *et seq.*

D. Payment of Counsel and Litigation Expenses

1. The Litigating Local Governments have incurred attorneys' fees and litigation expenses relating to their prosecution of claims against the Pharmaceutical Supply Chain Participants, and this prosecution has inured to the benefit of all Participating Local Governments. Accordingly, a Washington

Government Fee Fund (“GFF”) shall be established that ensures that all Parties that receive Opioid Funds contribute to the payment of fees and expenses incurred to prosecute the claims against the Pharmaceutical Supply Chain Participants, regardless of whether they are litigating or non-litigating entities.

2. The amount of the GFF shall be based as follows: the funds to be deposited in the GFF shall be equal to 15% of the total cash value of the Opioid Funds.

3. The maximum percentage of any contingency fee agreement permitted for compensation shall be 15% of the portion of the Opioid Funds allocated to the Litigating Local Government that is a party to the contingency fee agreement, plus expenses attributable to that Litigating Local Government. Under no circumstances may counsel collect more for its work on behalf of a Litigating Local Government than it would under its contingency agreement with that Litigating Local Government.

4. Payments from the GFF shall be overseen by a committee (the “Opioid Fee and Expense Committee”) consisting of one representative of the following law firms: (a) Keller Rohrback L.L.P.; (b) Hagens Berman Sobol Shapiro LLP; (c) Goldfarb & Huck Roth Riojas, PLLC; and (d) Napoli Shkolnik PLLC. The role of the Opioid Fee and Expense Committee shall be limited to ensuring that the GFF is administered in accordance with this Section.

5. In the event that settling Pharmaceutical Supply Chain Participants do not pay the fees and expenses of the Participating Local Governments directly at the time settlement is achieved, payments to counsel for Participating Local Governments shall be made from the GFF over not more than three years, with 50% paid within 12 months of the date of Settlement and 25% paid in each subsequent year, or at the time the total Settlement amount is paid to the Trustee by the Defendants, whichever is sooner.

6. Any funds remaining in the GFF in excess of: (i) the amounts needed to cover Litigating Local Governments’ private counsel’s representation agreements, and (ii) the amounts needed to cover the common benefit tax discussed in Section C.8 below (if not paid directly by the Defendants in connection with future settlement(s), shall revert to the Participating Local Governments *pro rata* according to the percentages set forth in Exhibits B, to be used for Approved Purposes as set forth herein and in Exhibit A.

7. In the event that funds in the GFF are not sufficient to pay all fees and expenses owed under this Section, payments to counsel for all Litigating Local Governments shall be reduced on a *pro rata* basis. The Litigating Local Governments will not be responsible for any of these reduced amounts.

8. The Parties anticipate that any Opioid Funds they receive will be subject to a common benefit “tax” imposed by the court in *In Re: National Prescription Opiate Litigation*, United States District Court for the Northern District of Ohio, Case No. 1:17-md-02804-DAP (“Common Benefit Tax”). If this occurs, the Participating Local Governments shall first seek to have the settling defendants pay the Common Benefit Tax. If the settling defendants do not agree to pay the Common Benefit Tax, then the Common Benefit Tax shall be paid from the Opioid Funds and by both litigating and non-litigating Local Governments. This payment shall occur prior to allocation and distribution of funds to the Participating Local Governments. In the event that GFF is not fully exhausted to pay the Litigating Local Governments’ private counsel’s representation agreements, excess funds in the GFF shall be applied to pay the Common Benefit Tax (if any).

E. General Terms

1. If any Participating Local Government believes another Participating Local Government, not including the Regional Abatement Advisory Councils, violated the terms of this MOU, the alleging Participating Local Government may seek to enforce the terms of this MOU in the court in which any applicable Settlement(s) was entered, provided the alleging Participating Local Government first provides the alleged offending Participating Local Government notice of the alleged violation(s) and a reasonable opportunity to cure the alleged violation(s). In such an enforcement action, any alleging Participating Local Government or alleged offending Participating Local Government may be represented by their respective public entity in accordance with Washington law.

2. Nothing in this MOU shall be interpreted to waive the right of any Participating Local Government to seek judicial relief for conduct occurring outside the scope of this MOU that violates any Washington law. In such an action, the alleged offending Participating Local Government, including the Regional Abatement Advisory Councils, may be represented by their respective public entities in accordance with Washington law. In the event of a conflict, any Participating Local Government, including the Regional Abatement Advisory Councils and its Members, may seek outside representation to defend itself against such an action.

3. Venue for any legal action related to this MOU shall be in the court in which the Participating Local Government is located or in accordance with the court rules on venue in that jurisdiction. This provision is not intended to expand the court rules on venue.

4. This MOU may be executed in two or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument. The Participating Local Governments approve the use of electronic signatures for execution of this MOU. All use of electronic signatures

shall be governed by the Uniform Electronic Transactions Act. The Parties agree not to deny the legal effect or enforceability of the MOU solely because it is in electronic form or because an electronic record was used in its formation. The Participating Local Government agree not to object to the admissibility of the MOU in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the grounds that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

5. Each Participating Local Government represents that all procedures necessary to authorize such Participating Local Government's execution of this MOU have been performed and that the person signing for such Party has been authorized to execute the MOU.

OPIOID ABATEMENT STRATEGIES

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions, co-usage, and/or co-addiction through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including all forms of Medication-Assisted Treatment (MAT) approved by the U.S. Food and Drug Administration.
2. Support and reimburse services that include the full American Society of Addiction Medicine (ASAM) continuum of care for OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including but not limited to:
 - a. Medication-Assisted Treatment (MAT);
 - b. Abstinence-based treatment;
 - c. Treatment, recovery, or other services provided by states, subdivisions, community health centers; non-for-profit providers; or for-profit providers;
 - d. Treatment by providers that focus on OUD treatment as well as treatment by providers that offer OUD treatment along with treatment for other SUD/MH conditions, co-usage, and/or co-addiction; or
 - e. Evidence-informed residential services programs, as noted below.
3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.
4. Improve oversight of Opioid Treatment Programs (OTPs) to assure evidence-based, evidence-informed, or promising practices such as adequate methadone dosing.
5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction and for persons who have experienced an opioid overdose.
6. Support treatment of mental health trauma resulting from the traumatic experiences of the opioid user (e.g., violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (e.g., surviving family members after an overdose

or overdose fatality), and training of health care personnel to identify and address such trauma.

7. Support detoxification (detox) and withdrawal management services for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including medical detox, referral to treatment, or connections to other services or supports.
8. Support training on MAT for health care providers, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.
9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
10. Provide fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.
11. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 (DATA 2000) to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.
12. Support the dissemination of web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service-Opioids web-based training curriculum and motivational interviewing.
13. Support the development and dissemination of new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication-Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in treatment for and recovery from OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Provide the full continuum of care of recovery services for OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including supportive housing, residential treatment, medical detox services, peer support services and counseling, community navigators, case management, and connections to community-based services.
2. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.

3. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including supportive housing, recovery housing, housing assistance programs, or training for housing providers.
4. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
5. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
6. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
7. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.
8. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to manage the opioid user in the family.
9. Provide training and development of procedures for government staff to appropriately interact and provide social and other services to current and recovering opioid users, including reducing stigma.
10. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.

**C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED
(CONNECTIONS TO CARE)**

Provide connections to care for people who have – or are at risk of developing – OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.
2. Support Screening, Brief Intervention and Referral to Treatment (SBIRT) programs to reduce the transition from use to disorders.
3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.

4. Purchase automated versions of SBIRT and support ongoing costs of the technology.
5. Support training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.
6. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, or persons who have experienced an opioid overdose, into community treatment or recovery services through a bridge clinic or similar approach.
7. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction or persons that have experienced an opioid overdose.
8. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.
9. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction or to persons who have experienced an opioid overdose.
10. Provide funding for peer navigators, recovery coaches, care coordinators, or care managers that offer assistance to persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction or to persons who have experienced on opioid overdose.
11. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.
12. Develop and support best practices on addressing OUD in the workplace.
13. Support assistance programs for health care providers with OUD.
14. Engage non-profits and the faith community as a system to support outreach for treatment.
15. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
16. Create or support intake and call centers to facilitate education and access to treatment, prevention, and recovery services for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.

17. Develop or support a National Treatment Availability Clearinghouse – a multistate/nationally accessible database whereby health care providers can list locations for currently available in-patient and out-patient OUD treatment services that are accessible on a real-time basis by persons who seek treatment.

D. ADDRESS THE NEEDS OF CRIMINAL-JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction who are involved – or are at risk of becoming involved – in the criminal justice system through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Support pre-arrest or post-arrest diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including established strategies such as:
 - a. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative (PAARI);
 - b. Active outreach strategies such as the Drug Abuse Response Team (DART) model;
 - c. “Naloxone Plus” strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;
 - d. Officer prevention strategies, such as the Law Enforcement Assisted Diversion (LEAD) model;
 - e. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative;
 - f. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise and to reduce perceived barriers associated with law enforcement 911 responses; or
 - g. County prosecution diversion programs, including diversion officer salary, only for counties with a population of 50,000 or less. Any diversion services in matters involving opioids must include drug testing, monitoring, or treatment.
2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction to evidence-informed treatment, including MAT, and related services.
3. Support treatment and recovery courts for persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, but only if these courts provide referrals to evidence-informed treatment, including MAT.

4. Provide evidence-informed treatment, including MAT, recovery support, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction who are incarcerated in jail or prison.
5. Provide evidence-informed treatment, including MAT, recovery support, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction who are leaving jail or prison have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.
6. Support critical time interventions (CTI), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.
7. Provide training on best practices for addressing the needs of criminal-justice-involved persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, case management, or other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, and the needs of their families, including babies with neonatal abstinence syndrome, through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Support evidence-based, evidence-informed, or promising treatment, including MAT, recovery services and supports, and prevention services for pregnant women – or women who could become pregnant – who have OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.
2. Provide training for obstetricians or other healthcare personnel that work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
3. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with Neonatal Abstinence Syndrome get referred to appropriate services and receive a plan of safe care.
4. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.

5. Offer enhanced family supports and home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, including but not limited to parent skills training.
6. Support for Children's Services – Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.
2. Academic counter-detailing to educate prescribers on appropriate opioid prescribing.
3. Continuing Medical Education (CME) on appropriate prescribing of opioids.
4. Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.
5. Support enhancements or improvements to Prescription Drug Monitoring Programs (PDMPs), including but not limited to improvements that:
 - a. Increase the number of prescribers using PDMPs;
 - b. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs or by improving the interface that prescribers use to access PDMP data, or both; or
 - c. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD.
6. Development and implementation of a national PDMP – Fund development of a multistate/national PDMP that permits information sharing while providing appropriate safeguards on sharing of private health information, including but not limited to:
 - a. Integration of PDMP data with electronic health records, overdose episodes, and decision support tools for health care providers relating to OUD.

- b. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database.
7. Increase electronic prescribing to prevent diversion or forgery.
8. Educate Dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Corrective advertising or affirmative public education campaigns based on evidence.
2. Public education relating to drug disposal.
3. Drug take-back disposal or destruction programs.
4. Fund community anti-drug coalitions that engage in drug prevention efforts.
5. Support community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction – including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA).
6. Engage non-profits and faith-based communities as systems to support prevention.
7. Support evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.
8. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.
9. Support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
10. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.
11. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses or other school staff, to

address mental health needs in young people that (when not properly addressed) increase the risk of opioid or other drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based, evidence-informed, or promising programs or strategies that may include, but are not limited to, the following:

1. Increase availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, opioid users, families and friends of opioid users, schools, community navigators and outreach workers, drug offenders upon release from jail/prison, or other members of the general public.
2. Provision by public health entities of free naloxone to anyone in the community, including but not limited to provision of intra-nasal naloxone in settings where other options are not available or allowed.
3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, and other members of the general public.
4. Enable school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.
5. Expand, improve, or develop data tracking software and applications for overdoses/naloxone revivals.
6. Public education relating to emergency responses to overdoses.
7. Public education relating to immunity and Good Samaritan laws.
8. Educate first responders regarding the existence and operation of immunity and Good Samaritan laws.
9. Expand access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.
10. Support mobile units that offer or provide referrals to treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
11. Provide training in treatment and recovery strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction.
12. Support screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items C8, D1 through D7, H1, H3, and H8, support the following:

1. Current and future law enforcement expenditures relating to the opioid epidemic.
2. Educate law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, and coordination to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Community regional planning to identify goals for reducing harms related to the opioid epidemic, to identify areas and populations with the greatest needs for treatment intervention services, or to support other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
2. A government dashboard to track key opioid-related indicators and supports as identified through collaborative community processes.
3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to in various items above, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.
2. Invest in infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, co-usage, and/or co-addiction, or implement other

strategies to abate the opioid epidemic described in this opioid abatement strategy list (e.g., health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, and evaluation of programs and strategies described in this opioid abatement strategy list.
2. Research non-opioid treatment of chronic pain.
3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.
4. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.
5. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (e.g. Hawaii HOPE and Dakota 24/7).
6. Research on expanded modalities such as prescription methadone that can expand access to MAT.

KING COUNTY REGIONAL AGREEMENT

King County intends to explore coordination with its cities and towns to facilitate a Regional Agreement for Opioid Fund allocation. Should some cities and towns choose not to participate in a Regional Agreement, this shall not preclude coordinated allocation for programs and services between the County and those cities and towns who elect to pursue a Regional Agreement. As contemplated in C.5 of the MOU, any Regional Agreement shall comply with the terms of the MOU and any Settlement. If no Regional Agreement is achieved, the default methodology for allocation in C.4 of the MOU shall apply.

From:

Danielle Fontaine

P.O. Box 900

Sedro-Woolley, WA 98284

Email: chimpys_palace@yahoo.com

Date: August 19, 2025

Mayor Johnson,

I want to thank you and the Board for the opportunity to serve as a Commissioner on the Sedro-Woolley Housing Authority (SWHA) Board. I am currently a member of the Sedro-Woolley Arts Commission as well as an Ambassador for the Sedro-Woolley Chamber of Commerce. I am also a member of the Sedro-Woolley Eagles Aerie #2069. I have resided in Sedro-Woolley for a number of years and am committed to being of service to my community. I look forward to supporting the SWHA. Again, thank you for considering me for the Commissioner position.

Sincerely,

A handwritten signature in black ink, appearing to read 'Danielle Fontaine', with a horizontal line drawn through the middle of the signature.

City Council Agenda Item

Agenda Item No.: e.6.

Date: August 27, 2025

From: Bill Bullock, Public Works Director

Subject: Grant Application Approval - WA Ecology – SR 9 Water Quality Improvements

RECOMMENDED ACTION:

Motion to approve authorization for the Mayor or designee to sign and submit project SR 9 Water Quality Improvement applications to WA Ecology.

BACKGROUND/SUMMARY INFORMATION:

The City's current National Pollutant Discharge Elimination System (NPDES) permit from Ecology requires municipalities to treat stormwater from existing pollution generating surfaces (roads). The amount of treatment is dependent on population and the City of Sedro-Woolley is required to treat stormwater runoff from 2 acres by 2028.

The City took advantage of the John Liner/McGarigle – SR 9 roundabout project to treat 0.5 acres, leaving 1.5 acres left to meet the 2 acre target. As part of the Stormwater Comprehensive Plan update, the City has identified two areas on SR 9 that can be treated in a cost-effective manner and may provide credits for future NPDES permit cycles. One area is near Alderwood Lane and the other is near Sapp Road. Both sites will involve installing bioswales (ditches that treat the water) or vaults with filters.

Ecology's stormwater project grant program utilizes funding from many different State and Federal sources. The grant program encourages two-phased project development, with design funding granted in one year and construction funding granted in the following year. The City would apply for the design funding in this round for 2026.

FISCAL IMPACT, IF APPROPRIATE:

The amount of local match and amount of grant/loan provided depends on the funding sources that Ecology uses, but City staff are anticipating a grant with a 15% match. Any funding offered will be evaluated and City staff will provide a recommendation on accepting or rejecting.

Design - this application for 2026

Ecology funding: \$174,250

Local Match at assumed 15%: \$30,750

Construction - future application for 2027, estimate will be updated next year

**CHILDREN
OF THE VALLEY**

Our Mission

Children of the Valley serves under-resourced children and their families by valuing their cultural identity and empowering them through education, personal growth, and mentorship.

Founded in 2006

19 years of helping under-resourced children thrive in all aspects of their lives

The COV Program

A free referral-based after-school program for under-resourced children in Skagit Valley

We work in partnership with the Mount Vernon, Sedro-Woolley, Conway, and Burlington-Edison school districts to serve students K-8 referred to our program by educators for exhibiting substantial personal or academic needs.

Continuity of Care

We are now serving middle schoolers with a new after school Bicycle Club!

Middle schoolers can now stay engaged with COV by learning bike safety, repair skills, laws, and the benefits of cycling. Students are also provided with the opportunity to earn a bike of their own!

Program Impact

“COV provided a safe place for me to go after school to finish my homework and interact with other kids.”

Omar Santos

Graduate of Mount Vernon High School & Skagit Valley College

“Because COV made a big impact in my life, I decided to volunteer there in high school. I wanted to show kids that they can dream big.”

Lucia Garcia

Active-duty Army Soldier and Paratrooper

“My hopes of becoming a teacher came from attending COV where some of the tutors were of color and empowered me to become an educator.”

Yaritza Martinez Santacruz

Graduate of Mount Vernon High School & WWU

From: Bill Bullock, Public Works Director

Subject: SR9 Roundabout Project – Project Update

RECOMMENDED ACTION:

N/A - Information only

BACKGROUND/SUMMARY INFORMATION:

Construction of the roundabout started on 6/30/25 and has been progressing well.

- John Liner and McGarigle are ready for pavement (will be done at the same time as SR 9).
- 95% of the new stormwater infrastructure has been installed
- Utilities have been relocated
- Sidewalks, curbs and gutters are in process
- Concrete bases for light poles and crosswalk lights are installed and electrical conduit installed.

Due to delays from project approvals, closure restrictions on SR9 and delays from utilities, the City has not been able to make more progress to finish before school started. City Staff met with School District Staff on 8/18/25 to review the detour routes and plan for safe routes to school. Attending were:

- Brett Greenwood, Assistant Superintendent of Business & Operations
- James Campbell, Evergreen Elementary School Principal
- Ruth Richardson, Public Information Officer
- Stephanie Bachmeier, Cascade Middle School Principal
- Tracy Gugal, Transportation Director
- Peter Lane, City Engineer
- Nia Katwyk, Engineering Intern
- Gary Stilts, Reichardt & Ebe (consultant inspector)
- Larry Pettis, SRV Construction
- Kathy Urusu, SRV Construction

The City has developed easy-to-read detour route maps for students walking and parent pickup/dropoff for Cascade Middle School and Evergreen Elementary School. See attachments and summarized below. The school district Public Information Officer will be sending out this and other information to parents.

- Parent pickup/dropoff. Parents will approach the schools from the east on McGarigle and Fruitdale Rd.
- Student walkers.
 - Northbound. Students will walk on the sidewalk that will be completed by 9/2/25 on the north-

east corner of the construction zone. They can cross over SR 9 at Dana Drive.

- Southbound. Evergreen and Cascade students to take existing path from the west side of Cascade to SR 9. Pathway as normal after SR 9.
- Eastbound. Path as normal.
- Westbound. Evergreen and Cascade students to take existing path from the west side of Cascade to SR 9. Cross over SR 9 at existing crosswalk. Walk along Evans Drive and Laurel Drive to John Liner Road.

In consultation with the School District, the City will provide:

- Temporary marked crosswalk across SR 9 at Dana Drive.
- Construction flaggers on north, south and east ends of the project during school travel times.
- Barricades for the School District to mount signs to help direct Evergreen Elementary Students through the Cascade Middle School campus.

The full closure of SR 9 will take place from 9/3/2025 and is scheduled for 4 weeks. We have indications that there may be concrete panels under SR 9 that may cause a small additional delay.

The full detour route is attached and relies on routing truck traffic to I-5 and passenger vehicles to Reed St. The City will install temporary traffic control signals at Reed St and SR 20 to help the detoured traffic. Reed St from SR 20 to Waldron St will be closed to thru traffic.

City Council Agenda Item

Agenda Item No.: m.1.

Date: August 27, 2025

From: Charlie Bush, City Administrator

Subject: Ordinance 2102-25 - CHIP Grant Reimbursement for Eligible Fees - 1st Read

RECOMMENDED ACTION:

Motion to approve Ordinance 2102-25 reimbursing affordable housing developers with state CHIP grant revenues for applicable utility permitting fees and connection charges.

BACKGROUND/SUMMARY INFORMATION:

In 2021, the State of Washington launched the Connecting Housing to Infrastructure Program (CHIP) through the Department of Commerce. The program provides grant funds for sewer, water, storm water improvements and/or waived system development charges (connection fees) for new affordable housing projects. The City of Sedro-Woolley qualifies for this program. Here is more information about it:

<https://www.commerce.wa.gov/growth-management/housing-planning/chip/>

An ordinance is required for waivers of system development (connection) charges. The attached ordinance covers all potentially eligible expenses under this program and is broadly written to incorporate any current or future CHIP applicant. The grant program, which has a deadline of September 16th this year, was brought to the City's attention by Skagit County in relation to a project proposed by Family Promise. Family Promise then followed-up with City staff regarding submitting an application. Staff also reached out to another affordable housing projects going on in town that may be far enough along to benefit from this grant, Batey Square by RJ Group. RJ Group is not interested in the program at this time. This broad ordinance would apply to future CHIP grant applications as well. The City Council will have a final opportunity to review any and all grant awards received by the City when the City is presented with a grant award contract from the Department of Commerce.

FISCAL IMPACT, IF APPROPRIATE:

There is no match required for applying for CHIP Grants. The City would only waive fees if a grant award occurs and the fees would be in the same amount as the grant award. Therefore, there is no fiscal impact to Sedro-Woolley taxpayers.

ATTACHMENTS:

1. Sedro-Woolley Ordinance 2102-25- Reimburing Eligible Permitting Fees and Construction Costs for Affordable Housing if a State CHIP Grant Application i

ORDINANCE NO. 2102-25

AN ORDINANCE OF THE CITY OF SEDRO-WOOLLEY, WASHINGTON, REIMBURSING AFFORDABLE HOUSING DEVELOPERS WITH STATE CHIP GRANT REVENUES FOR APPLICABLE UTILITY PERMITTING FEES AND CONNECTION CHARGES

WHEREAS the Washington State 2025-2027 Capital Budget Section 1020 appropriated funds for grants to defray the costs of local government waiving certain fees normally applied to developers for utility connection charges and related street improvements related to affordable housing projects for low and moderate income households;

WHEREAS, the City of Sedro-Woolley is a qualifying City under the State's Connecting Housing to Infrastructure Program (CHIP) authorized under the Capital Budget and administered by the Washington Department of Commerce because it imposes a sales and use tax under either RCW 82,14,530, (1) (a) or (b), 82.14.540 or 82.52.105; and,

WHEREAS, Sedro-Woolley has developers interested in building affordable housing at levels and within timelines, including maintaining affordability for at least 25 years, that are eligible for CHIP funding; and,

WHEREAS, those developers have an interest in receiving CHIP grant revenues to support their projects and have approached the City to apply on their behalf; and,

WHEREAS, the City of Sedro-Woolley has policies and targets in its Comprehensive Plan to support the development of affordable housing; and

WHEREAS, the CHIP program can provide the City grant revenues to support sewer, water and stormwater connection fees and construction costs for qualifying projects for those utilities and the City can provide those funds to the housing developer for qualifying projects, and

WHEREAS, there is no matching fund requirement for the City to receive a CHIP grant,

NOW, THEREFORE, the City Council of the City of Sedro-Woolley do ordain as follows:

Section One. Connection fee and eligible work for qualifying water, sewer and stormwater project work

Upon City Council approval of a grant contract with the Department of Commerce, and authority to execute the grant contract the City of Sedro-Woolley shall provide CHIP grant revenues to qualifying projects on developer application where the City has submitted a CHIP grant application and the application is for a qualifying project. Revenues, in the amount provided to the City for each project, and each expense category within that project, will be provided to reimburse affordable housing developers for their CHIP eligible permitting, waived utility connection fees and construction expenses.

Section Two Pre-grant contracting Requirements

The City shall establish a program, under the direction of the Mayor or his/her designee that will monitor use of grant funds only for eligible expenses, the affordability of affordable housing units constructed for up to twenty five years, and for securitization of affordability by covenant, note or deed of trust. For development charges and fees the program shall establish protocols for charges or fees paid or waived, the time frame for the payment or waiver, and commitments for payment or waiver. The program shall monitor project work, and control of the project site, and ensure compliance with DAHP preservation standards.

Section Three Obligations of Developer Grantee

Funds and revenues granted to Developer Grantee are for eligible costs only. Developer Grantee shall maintain all records required by City of grant fund expenditures and make all records available to City on request. Developer Grantee shall strictly adhere to all requirements of the Connecting Housing to Infrastructure Program. Failure to adhere to the requirements of the Program shall be grounds for revocation of any grant made by City and for recovery of funds disbursed to Developer Grantee. Developer Grantee thereafter may be responsible to reimburse City for any fees or charges waived or paid through CHIP.

Section Four. Severability. If any provision of this Ordinance or its application to any person or circumstance is held invalid, the remainder of the Ordinance or the application of the provision to other persons or circumstances is not affected.

Section Five Authority to Make Necessary Corrections. The City Clerk and the codifiers of this Ordinance are authorized to make necessary corrections to this Ordinance including, but not limited to, the correction of scrivener's clerical errors, references, ordinance numbers, section/subsection numbers, and any references thereto.

Section Six Effective Date. This Ordinance shall be in full force and effect five days after publication.

PASSED AND ADOPTED by the City Council of the City of Sedro-Woolley, Washington, on this ____ day of ____, 2025.

Julia Johnson, Mayor

City Council Agenda Item

Agenda Item No.: n.1.

Date: August 27, 2025

From: Kyle Anderson, Assistant Engineer

Subject: Stormwater Management Plan Update

RECOMMENDED ACTION:

No action needed.

BACKGROUND/SUMMARY INFORMATION:

The last Sedro-Woolley Stormwater Management Plan was adopted in 1997. This effort to update the Stormwater Management Plan (Plan) is part of Chapter 7.24 of the 2025 Comprehensive Plan and will be developed using current modeling and design practices, be compliant with Western Washington (WWA) Phase II MS4 Permit, and the current Ecology Stormwater Management Manuals.

The purpose of the Stormwater Management Plan is to provide a guide for the City of Sedro-Woolley to control flooding, enhance water quality, protect sensitive habitat areas, and optimize maintenance and upgrades to the existing systems. This is to be accomplished by evaluating the present operation and staffing of the current Program, suggest improvements to enhance the performance of the Program, meet regulatory requirements, and present an approach to fund and implement needed program improvements. The purpose for the Comprehensive Plan Chapter 7.24, Stormwater Management updates, is to bring its elements up to date and to align them with the Stormwater Management Plan updates. These actions have been taken as part of the Western Washington Phase II Municipal Stormwater Permit requirements, as well as the required Comprehensive Plan update.

Chapters 1-7 were previously presented to Council as a first read. Chapter 8 discussed financial impacts and strategies to fund maintenance and capital projects for the City's stormwater utility.

This read is intended to be the final read of Stormwater Management Plan in its entirety.

FISCAL IMPACT, IF APPROPRIATE:

None at this time.

Average Annual Monthly Bill Increase	\$1.19	\$1.20	\$1.43
Total Bill Increase at Year 10	\$10.72	\$10.83	\$12.86
CAPITAL FUNDING PLAN			
Grants	\$4.4 M (57%)	\$0.0	
Debt	\$1.5 M (19%)	\$5.7 M (74%)	
Rates/Cash Reserves	\$1.9 M (24%)	\$2.1 M (26%)	
Total	\$7.8 M	\$7.8 M	
Total Annual Debt Service	\$90 k	\$347 k	
CAPITAL FINANCIAL POLICY TARGETS			
Minimum Capital Reserve Balance	1% of original asset cost (\$442 k at Year 10)		
Balance at Year 10	\$442 k	\$442 k	\$442 k
% Achievement at Year 10	100%	100%	100%
Total Rate-Funded Capital	Minimum Target of \$200k per year		
Average Annual	\$85 k	85 k	98 k
% of Target	42%	43%	49%

Scenario 1 (grants/loans, smoothed 1st year rate increase)

- **Advantage:** Low debt, lowest overall bill impact, provides flexibility without being overly conservative
- **Disadvantage:** Assumes grants
- **Scenario 2** (grants/loans, lower 1st year rate)
 - **Advantage:** Low debt
 - **Disadvantage:** Assumes grants, slightly higher future rate increases, overall bill impact
- **Scenario 3** (no grants)
 - **Advantage:** Conservative; higher achievement toward annual rate-funded capital goal (\$200k/year)
 - **Disadvantage:** Higher debt, highest rate increases
